
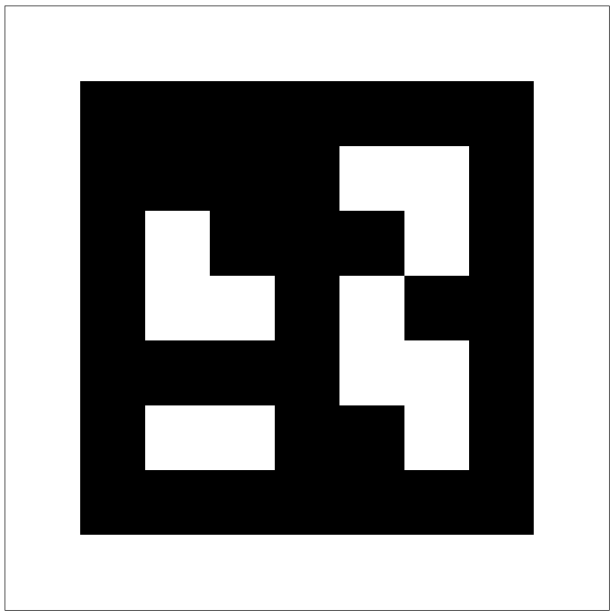
ArUco DICT_5X5_100 id 90
60 mm, for the shoe box, side 1



ArUco DICT_5X5_100 id 91
60 mm, for the shoe box, side 2

Print at 100% / actual size (no scaling). The bar is 100 mm: measure it.
Cut on the thin lines (keep the white margin). Stick flat, upright, on the box's long sides, centred.
Measure the black square's side after printing and tell Claude if it isn't 60 mm.
